

SMALL GROUP TREATMENT INTENSIVE WITH DR. SUE MORTER

“When two or more come together with a conscious and informed intention of healing, healing happens. When subconscious interferences to abundance, vitality and natural rejuvenation are removed, healing happens. When we learn to surrender our limiting beliefs about ourselves and others, healing happens. And when we learn a way of being and a way of living that transforms our lives into a proactive path that manifests our authenticity, healing stays.” ~ Dr. Sue Morter

You are meant to be strong, free and well. If you are not, it is simply a matter of misperception and habituated patterns blocking the way. A **SMALL GROUP TREATMENT INTENSIVE** provides the opportunity for you to bring Dr. Sue Morter, master practitioner of the BioEnergetic Synchronization Technique and revered transformational teacher and visionary, into your own home for a profound healing experience with family, friends and loved ones.

Over the course of three days, Dr. Sue gently and skillfully facilitates a transformational discovery process tailored to the needs and desires of each participant and the group as a whole. Using the power of BioEnergetics, guided meditation, vibrational toning and *Body Awake* core activation practices, these three days can become a very impactful and concentrated personal awakening – a turning point in one’s life and health.

Each day, Dr. Sue administers multiple treatment sessions to each participant using a powerful holistic healing modality known as the BioEnergetic Synchronization Technique (B.E.S.T.). Developed by Dr. Sue’s father, Dr. M.T. Morter, Jr., B.E.S.T. is a hands-on energy balancing procedure that removes subconscious interference in the autonomic nervous system that is currently preventing your body from healing. As interference is removed and balance is restored, the body and

the mind begin to return to their natural states of healing and manifesting. The group lovingly holds the space during treatment and gleans insight from the conversation as it applies to their personal circumstances and experiences.

In addition, ongoing intimate group discussion and formatted teachings will assist in illuminating how thoughts, feelings, emotions and beliefs create our very physical well-being, or lack thereof. Participants will gain an understanding of the subtle energy systems in and around the body and how to master their flow for greater empowerment in all areas of life. Participants will learn how to look at past life experiences in a more empowered way. Plus, each individual will receive a customized, personal practice to continue at home as a guide for sustaining optimum results.

Let Dr. Sue assist you and those you love, as she has assisted tens of thousands of people over the past 25 years, on a path to greater joy, health and abundance. Call 877-I AM THE 1 today to schedule your very own Small Group Treatment Intensive.
